Thanks. Is this really 9am on a Monday in CT? 2 ½ hour drive for me, may come up Sunday night☺

I guess you are flying on Sunday.

Sure, no problem. I wasn't sure who was managing [REDACTED] Pharma Co. X on your side. I'll forward the invite now. I'll get you a copy of the proposal.

Thanks,

Employee #5

Thanks for the head's up. I did not know they had put that on hold. We will regroup here at Pharma Co. X in the next couple of weeks so check with us at that point for next steps.

Subject: Pain Assessment Clinical Decision Support - Practice Fusion

Hi All,

I wanted to send a note to re-engage around the Practice Fusion Clinical Decision Support Real World Evidence Pain Management program. As you recall, we presented a solution to the team at the end of April. Since our meeting, we've engaged Pharma Co. X HEOR team to leverage the proposal to assist in the development of a pain management registry. We've had several meetings with Pharma Co. X and team. From our understanding the project has been placed on hold.

We feel that the proposed program can help meet the strategic commercial needs of the pain franchise at Pharma Co. X. We'd like to schedule a discussion to review the proposal and discuss additional commercial research questions that can be answered from the data that will be collected at part of this effort. I've attached the proposal we discussed at our last meeting.

Please let me know your thoughts and a good time to meet and discuss.

Regards,

Employee #5
